**MEMORANDUM**

**TO:** Mayor & Council  
**FROM:** Christopher W. Chinault  
Town Manager  
**RE:** FY-18 Budget Message  
**DATE:** July 11, 2017

Attached is the proposed budget for FY-18 for the Town of Indialantic. The total amount is proposed at \$5,035,385 with the General Fund portion being \$4,077,681. The millage rate is proposed to be held at the FY-17 rate of 6.2653 mills. The FY-18 rolled-back rate millage is 5.8056. One mill equals one dollar for every thousand dollars of taxable value.

The FY-17 budget was approved at \$5,047,361 with the General Fund portion being \$4,112,189,

The proposed budget provides for the normal and routine operations of the police, fire/rescue, public works, protective inspections, and administration departments of the Town. A cost-of-living adjustment is proposed (519.1200) in an effort to keep the Town competitive within the market place and a performance merit evaluation system is in place.

The following points are identified for particular note:

1. The cash balance transfer is proposed at \$287,531 to bring forth into the FY-18 budget monies that were budgeted in FY-17 to obtain P-25 compatible radios (\$248,031) for the police and fire/rescue departments and to reflect TIFT monies of \$39,500 received for the installation of a section of sidewalk.
2. A contingency amount of \$83,031 is included (519.5600) to reflect the potential that a grant request for non-local monies toward the purchase of P-25 compatible radios might not be approved. This was also reflected in the FY-17 budget as the original intent was to purchase the radios in FY-17.
3. Fifty thousand dollars is included in account 519.9000 toward building a reserve amount of \$400,000 in FY-23 should the Town need to replace the 1999 fire truck currently in operation.

4. Election expenses (519.4630) are reflected as being higher due to there being no State or Federal election with which to share the expenses of an election.
5. The police department budget reflects Council's desire to provide money to fill a police officer position that was unfunded in FY-10. This equates to approximately \$65,200 for personnel and operational expenses. The position is intended to enable the department to return to focusing on pedestrian, bicyclist, and motor vehicle safety and to enhance community policing efforts.
  - A. An additional police vehicle and a replacement police vehicle (521.6400) are being requested in that one vehicle has in excess of 100,000 miles and one has 90,000 miles.
  - B. Vehicle maintenance (521.4630) is expected to increase recognizing the age and mileage of some vehicles and replacing a vehicle will not occur until about the mid-point of the fiscal year.
  - C. A security wall (521.6200) is proposed in the amount of \$30,000 to provide for a safer environment for police personnel and persons detained at the police station.
  - D. Uniform expenses (521.5210) are expected to rise as bullet resistant vests need to be replaced.
6. The fire/rescue department budget reflects the permit fee (522.5410) that is required to be paid to the State every other year to operate an Advanced Life Support (ALS) program.
  - A. The department also desires to increase the number of MSA thirty minute air bottles from seventeen to the goal of having twenty-two (522.5200).
  - B. The current ATV which is utilized to tow the jet ski for water rescue is nine years old and has experienced significant down time over recent years. It needs to be replaced at a cost of \$12,378 (522.6400).
7. The Public Works department budget includes \$15,000 toward painting the mast arm signals (541.4600) which was intended to be addressed in FY-17; however, the effects of Hurricane Matthew caused monies to be re-directed.
  - A. The Town expects to continue to replace failing storm sewer pipes and those under streets that are proposed to be resurfaced (541.6310) as well as resurfacing streets that are determined to be in need to resurfacing (541.6300).
  - B. Parks have expenses based on that which occurs in the park. Some parks have drinking fountains, some have electrical expenses with an irrigation system, and some require contract mowing.
  - C. Vincent Benevente Sunset Park is intended to have the current portion of concrete sidewalk extended at a cost of \$9,400 (541.7570). This project was deferred based on Hurricane Matthew related expenses.

- D. Account 541.7601 is proposed to increase based on the expectation of recommendations being adopted from the Environmental Advisory Task Force as they relate to the removal of invasive plants and possibly adding certain plants.
- E. Account 541.7610 is included as an enhancement to reflect Council discussions to have an amount of money, in this case \$30,000, to respond to the desire to enhance some, what might be considered tired, features in the Town.
- F. Parks Projects (572.9200) carries \$7,500 as an expense, which is expected to be funded with new revenue, for mobility improvements to the beach ramp at Access #6 (which lies at the east end of Fifth Avenue).

The Budget and Finance Committee has noted support for the proposed FY-18 budget and millage rate. Staff is available to answer any questions that arise and assist in reviewing the proposed budget.

## FUNDS

The Town's operating budget is divided into different funds. Each fund is considered a separate accounting entity with resources allocated based on the purposes for which they are to be used. In effect, the Town has several distinct budgets which must be balanced separately within the one operating budget. The Town's funds are:

**General Fund** - This fund is the general operating fund of the Town. All general tax revenues and other revenues that are not allocated by law or contractual agreement to another fund are received into the general fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the general fund.

**Debt Service Fund** - This fund is used to account for the accumulation of resources for, and the payment of, principal and interest on general long-term debt, other than bonds payable from the operations of enterprise funds.

**Enterprise Fund** - This fund is used to account for operations that provide service to citizens, financed primarily by a user charge. The net income is measured on a periodic basis and deemed appropriate for capital maintenance, public policy, management control, accountability or other purposes.

**Trust and Agency Funds** - These funds are used to account for assets held by the Town as trustee or agent for individuals, private organizations, other governmental units and/or other funds.

**Special Investigative Trust Fund** - Monies seized by law enforcement officers in connection with drug activities pursuant to Florida statutes.

## REVENUE SOURCES

The Town's municipal revenues are utilized to pay for the services provided to its citizens.

Revenues collected by the Town are ad valorem taxes, municipal utility taxes, franchise fees, user fees, intergovernmental revenues, local option taxes, occupational license taxes, fines and forfeitures, investment income, contributions and donations, miscellaneous revenue, assessments and grants. A general description of each follows:

**Ad Valorem Property Taxes** - The property tax is the only local tax source authorized by the Constitution of the State of Florida and it is capped at 10 mills. The property tax is based on the value of real and personal property. The value of residential property represents only the value of the real estate, which includes buildings and improvement; while commercial property includes these values in addition to all relevant personal property. Example: If the single family median taxable value is \$132,000 after exemptions the number should be multiplied by 6.2653 mills, then divided by 1,000 to reach the Town ad valorem tax amount - \$827.02.

**Municipal Utility Taxes** - The municipal utility tax is levied by the municipality on specific utility services and collected by the utility provider through the utility bill, even if the provider is the municipality itself. The Communications Services Tax (also referred to as Telecommunications Tax) has replaced utility taxes on telephone service and cable providers.

**Franchise Fees** - The franchise fee is levied on a company or utility for the privilege of doing business within the municipality's jurisdiction and/or for utilizing municipal rights-of-way to do business. The Communications Services Tax (also referred to as Telecommunications Tax) has replaced franchise fees from telephone and cable television service providers.

**User Fees** - User fees are voluntary payments based on direct, measurable consumption of publicly provided goods and services.

**Intergovernmental Revenues** - These revenues are collected by one government, typically the State, and shared with other governmental units. State-shared revenue programs require the local government to meet specific conditions in order to receive such monies and to spend the monies for specific purposes.

**Local Option Taxes** - These taxes may only be levied in those municipalities where statutory requirements for their imposition have been met. The Town receives local option gasoline taxes and infrastructure sales tax under this option.

**Business Tax Receipts** - The business tax is levied for the privilege of engaging in or managing any business, profession or occupation within the jurisdiction of the Town.

**Fines and Forfeitures** - These receipts are collected from fines and penalties imposed for the commission of statutory offenses, violation of lawful administrative rules and regulations, and for neglect of official duty.

**Investment Income** - Investment income is derived from the investment of cash receipts and idle funds through cash management.

**Contributions and Donations** - Monies received from various sources such as gifts, pledges, requests or grants from non-governmental entities.

**Assessment** - Revenue generated for certain public improvements authorized by Section 170.01, Florida Statutes which is levied on individual property based on benefit.

**Grant** - Revenues received by various entities to fund in full or in part certain projects.

**Miscellaneous Revenue** - Miscellaneous revenues may be received from a variety of other non-designated sources that do not fit any of the aforementioned categories.

## FIRE RESCUE

The Department of Fire Rescue, established January 18, 1966, is a combination department consisting of seven (7) paid firefighters including the Fire Chief and eighteen (18) volunteer firefighters.

The firehouse is manned 24 hours a day, seven days a week with one (1) Firefighter/Paramedic and one (1) Firefighter/EMT and a reserve of eighteen (18) on-call volunteer firefighters. The Fire Chief is on duty 7:00 am. to 4:00 pm. Monday thru Friday and on call after hours. Most of the career firefighters are certified by the state of Florida as Fire Safety Inspectors and are therefore authorized to conduct fire and life safety inspections on commercial and multi-residential properties in accordance with Florida Statute 633.216.

The Departments equipment consists of one (1) pumper; one (1) 75 ft. aerial ladder truck, one (1) squad, which carries water rescue equipment; one (1) jet ski; one (1) four-wheel drive all-terrain vehicle used for beach rescue; one (1) staff vehicle and one (1) fourteen foot enclosed trailer that houses rescue and recovery tools and equipment.

The Department of Fire Rescue proudly provides fire suppression, advanced life support emergency medical services, water rescue both in the Indian River Lagoon and the Atlantic Ocean, commercial fire safety inspections, free home fire surveys and free blood pressure testing. The fire station is a designated Safe Place for Children, a Safe Baby Point and a community sharps drop-off point.

The Department also provides support to the Witch-Way 5K race, the Town's annual Halloween Party, Holiday Tree Lighting Ceremony, Easter Egg Hunt as well as driving Santa around the Town on Christmas Eve.

## PROTECTIVE INSPECTION

Protective Inspection includes the building and code enforcement programs for the Town, more commonly referred to as the building department. The building department is administered by the building official. The building official is responsible for administration and enforcement of the Florida Building Code and the Town codes and ordinances regulating building construction activities. This is accomplished through the building permitting and inspections process. The building official also acts as the Town's code enforcement officer, as prescribed by Florida Statute Chapter 162 and the Town code of ordinances. The building official participates in the Town's Technical Review Committee (TRC), which reviews site plan applications, and attends the Town's Zoning and Planning Board, Board of Adjustment and Code Enforcement Board meetings.

Expenditures include funding for the building department office expenses, purchase of code books, training and associated travel expenses, building department vehicle, fuel and maintenance, and department uniforms. These expenses are partially offset by the collection of permit fee revenues. The table below lists data consisting of historical figures of building department activity:

## PUBLIC WORKS DEPARTMENT

The Department of Public Works is assigned responsibility to maintain 18.1 miles of Town streets, curbs along portions of streets, sidewalks, a closed and open drainage system, public buildings and grounds, and Town parks. Town personnel patch streets as needed, recommend streets for the annual resurfacing effort and maintain all traffic related signs on Town streets. Assistance is provided through contract services for street resurfacing, removing material from storm sewer inlets, mowing, pest control of certain areas, replacing stormwater pipes, street sweeping, and maintaining building systems.

The Town contracts with Brevard County government to maintain traffic signals and with the Florida Department of Transportation (FDOT) enabling the Town to be compensated for maintaining FDOT rights-of-way other than the driving surface.

The Town has the following park properties: Dewey, Douglas, Gus Carey, Indialantic Ocean Beach, Indian River, Lily, Nance, Orlando, Ernest Kouwen-Hoven Riverside, Sea Park, Sunrise, Vincent Benevente Sunset, Tradewinds, Wavcrest, and Wavcrest Extended. The parks differ in terms of amenities that are provided and the level of care that is required. Additionally, the Town has 445 metered parking spaces.

Staffing is provided as follows: Director, Maintenance Worker II (1), Maintenance Worker I (3), part-time Maintenance Worker I (1), Administrative Assistant, and (3) part-time parking enforcement specialists, some positions are necessitated for Enterprise Fund operations.

The department provides required management over the two enterprise funds that address activities at Indialantic Ocean Beach, Nance, Sea (aka Tampa Avenue), and Sunrise parks. The management of the enterprise fund facilities requires personnel to be available to perform a multitude of duties including cleaning restrooms; emptying trash containers; removing litter; maintaining vegetation, facilities, and equipment; and enforcing parking regulations in the parks.

The department functions with the following vehicles/major equipment: four pick-up trucks, dump truck, two golf carts, tractor, and loader.
